Goals	Challenge of Practice	Success Criteria
To strengthen children's thinking to analyse, read and organise data in the world.	If we employ strategic questioning around data experiences then we will strengthen children's thinking to analyse, read and organise data in their world.	<p>Pedagogical documentation will reflect children's thinking around data and the mathematical language of data.</p> <p>Pedagogical documentation will notice children using data in their play.</p> <p>Language sample of children will highlight what children are commenting on, how it connects to the 3 big ideas (Reading data, producing data and exploring likelihood) and how it evolves over the year.</p>

National Quality Framework Priorities	Key steps
Review Behaviour, Interactions and Guidance Code	<p>In staff meetings educators will:</p> <ul style="list-style-type: none"><li>• reflect on current "Behaviour, Interactions and Guidance" code and our new philosophy to support educator understanding</li><li>• review Department for Education Behaviour Support Policy</li><li>• Enact to ensure the policy is in line with the National Quality Standards</li></ul>
